WHIRLPOOLS AND BATHTUBS

FIRPLAK

www.firplak.com

Whirlpool

with Internet of Things

Discover the new generation of Smart Spa. Combine the experience of having your spa at home with the benefits of a smart device. Through the control panel, connect the whirlpool bathtub to the internet and enjoy easier and more unique moments of relaxation.

Features

Remote control

Personalized settings

Shared access

Remote system upgrades

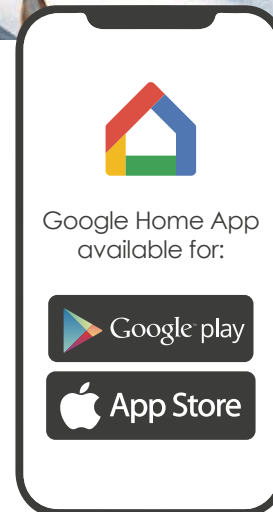

Integration with your smart home network

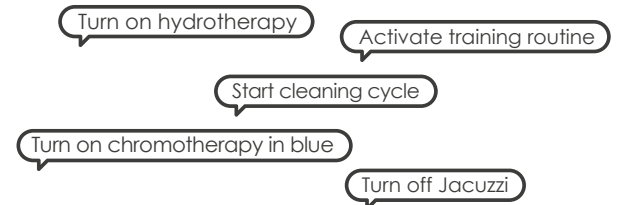

Continuous monitoring and technical support

2-year warranty (conditions apply)

Control your jacuzzi from anywhere with your mobile device.

Whirlpools and bathtubs

Made of polyester resin reinforced with fiberglass. Firplak uses advanced polyester-based coatings (Gel-Coats), similar to those used in the luxury marine industry. These coatings enhance chemical resistance, provide UV protection, and add color and shine.

Features

Variety of designs and sizes

Various relaxation therapies

Ergonomic designs

Glossy finish

Non-porous surface for easy cleaning

Available with a teak or FRP apron, or in a drop-in version

Durable material

Warranty and support
